SOURCE ID: 21-199-00043

AGENCY INTEREST: 3804

ACTIVITY: APE20080001

**SOURCE DESCRIPTION:**

On February 28, 2008, the source applied to the Division for the Permit renewal for a Miscellaneous Fabricated Metal Product Manufacturing Facility at Somerset, KY.

Crane /Fiat/ Sanymetal is an existing source located in Somerset, KY. This facility fabricates office partitions. The plant consists of one manual paint booth, one automatic paint booth, one partition fabrication line, one paint booth solvent usage, one welding line (including spot welding and plasma torch cutting) and process heaters.

**PUBLIC AND U.S. EPA REVIEW:**

On December 5, 2008, the public notice on availability of the draft permit and supporting material for comments by persons affected by the plant was published in *The London Sentinel Echo* in London, Kentucky. In addition, notification of the issuance of the draft permit was sent to the U.S. EPA on December 2, 2008 via e-mail. The public comment period expired 30 days from the date of publication. No comments were received during this period. The permit is now being issued final.
